Renovation render mortar R

Fast hardening, fiber reinforced, renovation render mortar,
water-repellent, for in- and outside on walls, ceilings,
columns and dividing walls

Reaction to fire	A1
Water absorption	$\geq 0,3 \text{ kg/m}^2$ after 24 h
Water vapor permeability	$\mu 8$
Bond strenght	$\geq 0,08 \text{ N/mm}^2$ by fraction appearance C
Thermal conductivity	$0,148 \text{ W/(mK)}$ für P = 50 %
