EN 998-1:2010

Renovation render mortar R

WTA-ground plaster, breathable, water-repellent
for levelling serious unevenness on walls, ceilings,
columns and dividing walls

Reaction to fire	A1
Water absorption	$\geq 0,3 \text{ kg/m}^2$ after 24 h
Ingress of water after testing the water absorption	$> 5 \text{ mm}$
Water vapor permeability	$\mu \leq 15$
Bond strenght	$\geq 0,08 \text{ N/mm}^2$ by fraction appearance A, B or C
Thermal conductivity (table merit)	$\leq 0,33 \text{ W/(mK)}$ für P = 50 % $\leq 0,36 \text{ W/(mK)}$ für P = 90 % (table merit n. EN 1745)
